CSA PRODUCT CLASS

6228 01 - WIRE CONNECTING DEVICES - Terminal Assemblies

SUBJECT

Terminal Blocks, for pcb mounting for use with stranded or solid insulated copper conductors, Cat. No. PA254, for 300V, Group designation B, for No. 26-14 AWG.

Notes:

- 1 The Cat. No. may be followed by suffixes indicating the number of poles and constructional details.
- 2 The terminal assemblies are intended for use in other equipment, where the acceptability of the combination has to be determined by the Canadian Standards Association.
